2006 Community & Economic Development Policy Positions

Policy Position 3: The Kentucky General Assembly must enact Employee Choice or Right-to-Work legislation to protect Kentucky's employees.

LEAD supports enactment of legislation by the 2007 Kentucky General Assembly that shall guarantee to any citizen of the Commonwealth that membership in or financial support of any organization shall not be arbitrarily imposed as a condition of their employment, also commonly known as an Employee Choice or Right-to-Work law.

(Adopted by the LEAD Board of Directors at its Regular Meeting on September 13, 2006.)
